------------------	---------------------------	----	---	-----------------

### TUESDAY, NOVEMBER 29

7:30 am-5:00 pm	On-site Registration	ARM Staff	The conference registration desk will be open for in-person attendees.	Foyer
8:30-8:40 am	Welcome	ARM President Hank Hauge	ARM President Hank Hauge welcomes you to the 2022 Convention.	Waterford 1 & 2

## TUESDAY, NOVEMBER 29 CONTINUED

8:40-8:50 am	2022 Convention Overview	ARM Executive Director John Cunningham	We're back together in person for the 2022 ARM Convention. We finally have the face-to-face chance to renew old friendships, forge new ones, and to build our collective knowledge. There's essential information for aggregate producers, ready mix producers, suppliers, manufacturers, contractors, and agency experts alike.	Waterford 1 & 2	
8:50-9:30 am	Convention Opening Remarks	MnDOT Commissioner Nancy Daubenberger	For many years, MnDOT's leaders have reached out in partnership to provide insight on issues of common interest to ARM members. We are, once again, pleased to have MnDOT play a major role in our annual convention, which begins with welcoming remarks from MnDOT Commissioner Nancy Daubenberger.	Waterford 1 & 2	
9:30-10:00 am	Break				
10:00-10:45 am	The Outlook for Minnesota's Labor Market	Oriane Casale, Minnesota Department of Employment and Economic Development (DEED)	Impacts on the labor market from the pandemic and other events continue to be a source of concern for employers. Oriane Casale will provide an overview of the state of Minnesota's labor market and what to expect going forward.	Waterford 1 & 2	
BREAKOUT	10:50-11:35 am	Annual Office of Concrete Materials Update	Maria Masten, MnDOT Concrete Engineer	MnDOT's Concrete Materials Office provides leadership and assistance for maintenance and construction of long-lasting concrete structures and pavements. Maria Masten heads up the office and provides her annual overview of pertinent topics.	Waterford 3
	11:35-12:00 pm	Annual Office of Grading and Base Update	Terry Beaudry, MnDOT Grading and Base Engineer	MnDOT's Grading and Base Office provides expertise and leadership for use of aggregates in pavement and roadway systems. Terry Beaudry leads the office and provides comments regarding current issues.	Waterford 3
BREAKOUT	10:50-11:25 am	Update from DNR's Mineral Potential Office	Heather Arends, DNR	Heather Arends will provide a report from of the DNR's Lands & Minerals Division, with primary emphasis on the Aggregate Mapping Program	Galway AB
	11:25-12:00 pm	Diesel Replacement Program	Eric David, MN Pollution Control Agency	PCA continues its program to provide financial support for the replacement of older diesel engines used both on and off-road. Eric David will deliver an update on the program and the status of upcoming grants.	Galway AB
12:00-1:15 pm	Lunch	David and Jonah Stillman	Take 5: Traditionalists, Boomers, Xers, Millennials - and Now Gen Z! For the first time in history, we have five generations in the workplace and marketplace. Not one generation is stagnant, so staying on top of how their generational personalities play out can be challenging. This energizing, fresh, informative and funny update on the generations will help you identify the gaps creating mayhem in your workplace and marketplace, apply smart solutions to help you navigate multi-generational minefields, and ultimately, look at the generations in a whole new way.	Waterford 1 & 2	
BREAKOUT	1:30-2:15 pm	EPDs - How to Get Them and How They're Used	Katie Poss, NRMCA	Environmental Product Declarations (EPDs) are a means of communicating the environmental impacts of construction materials. More and more agencies are using EPDs in the public bidding process. It's not a matter of if, but when, Minnesota will require their use.	Waterford 3
	1:30-2:15 pm	Minnesota State's Driver Program for the Ready Mix Industry	Carl Borleis, Director of Program Excellence, MN State Transportation Center of Excellence; Jonathan Rymer, Truck Driving Program Instructor/Director, Riverland Community College; and Patrick Kelly, Program Coordinator for Workforce Solutions, MN State System Office	As if driver shortage wasn't bad enough, the new Entry Level Driver Training (ELDT) requirements are making it even more difficult to attract people. MNSCU is beginning a new partnership with ARM to help recruit drivers and to get them trained more quickly for their CDLs.	Galway AB
2:20-3:05 pm	2022 Legislative & Political Landscape	Marty Seifert, Government Relations, Flaherty & Hood	2022 Election Summary and 2023 Session Preview	Waterford 1 & 2	
3:05-3:30 pm	Break				
3:30-4:15 pm	Industry Issues with the Special Truck Weights Permit	ARM Legal Council Jason A. Lien Maslon LLP	ARM is working hard to fully maintain the ability of members to haul under the Special Truck Weights Permit passed in 2017.	Waterford 1 & 2	
4:15-5:00 pm	The Water "Use" Cycle: The Path to Quantifying Groundwater Recycling Rates at Aggregate Mining Facility Wash Plants	Jake Dalbec, Stantec	Minnesota requires a water use fee for aggregate operations, but the basis for the fee may not always fully consider recycling of water. ARM, Stantec and Sunde Engineering have undertaken the quest to document reasonable calculations of water consumption at aggregate washplants. Jake will brief ARM members on the launch of the study.	Waterford 1 & 2	
5:00-7:00 pm	ARM Reception and Rock Races		The fan favorite Rock Races return for 2022, sponsored by Enduracon Technologies	Donegal Ballroom	

## WEDNESDAY, NOVEMBER 30

8:30-9:00 am	Our Concrete Industry Management (CIM) Program	Tim Hostettler, South Dakota State University	This breakfast presentation from your CIM program will feature remarks from the program's director, Tim Hostettler, and presentation of scholarships to current students.	Waterford 1 & 2
9:00-9:15 am	Minnesota Minerals Education Workshop (MMEW) Update	Christina Morrison, Minnesota Center for Mineral Resource Education Board Member	Each year, the MCMRE sponsors a workshop for Minnesota educators as a resource for K-12 earth science programs. Learn more about the program and how you can support it.	Waterford 1 & 2
9:15-9:30 am	Report from the Aggregate & Ready Mix Political Committee	John Bornhoff, Aggregate & Ready Mix PAC President	In its first year of operation, the PAC was able to raise enough money to provide support for a dozen friends of the industry in Minnesota. Learn how you can get more involved.	Waterford 1 & 2
9:30-10:00 am	Break			
10:00-11:00 am	ARM Annual Membership Meeting	ARM President Hank Hauge	The annual business of the association will be conducted, including election of members to the Board of Directors.	Waterford 1 & 2
11:00-11:15 am	Passing of the Gavel	ARM President Hank Hauge and Vice President Steve Semrau		Waterford 1 & 2
11:15-11:30 am	ARM Board of Directors Meeting	ARM Board of Directors	The Board of Directors will meet briefly for election of Officers. This meeting is open to all ARM members.	Waterford 1 & 2
