

ARM YOURSELF

Get the education, networking, and promotional and lobbying support you need to successfully build your business.

JOIN ARM TODAY!

Education. ARM stays on top of industry trends and new technologies for aggregate mining, ready mix production, and regulatory compliance. We vigorously share this with members through the online Member Update, print newsletter, webinars, and through our annual convention.

ARM is the local sponsoring group for ACI (American Concrete Institute) and also trains your employees, customers and MnDOT employees through the MnDOT Technical Certification Program. Each year, more than 1,000 people are certified or recertified to work in the aggregate and concrete industries.

Networking. You will not find an organization that offers as many opportunities to share information, news, concerns and solutions specific to your day to day business. In addition to the following 2017-18 events, aggregate and ready mix producers meet at board of directors and division meetings throughout the year.

- ARM Annual Convention: Nov 28 – 29, 2017 at The Depot, Minneapolis
- Wild Game: Feb 13, 2018 Wild vs NY Rangers at Xcel Energy Center in St. Paul
- Concrete Open Golf Tournament: June 11, 2018 Brackett's Crossing in Lakeville
- Summer Breeze Networking: July 19-20, 2018 Grand View Lodge

Promotion. ARM works closely with members of the Concrete Paving Association of MN and the League of MN Cities to encourage engineers, architects, local government officials and MnDOT to specify more concrete on local streets, roundabouts, intersections, and parking lots. An energetic promotional campaign is underway to turn more projects to concrete.

Advocacy. You want to do business free of undue regulatory and tax burdens, and ARM wants to make sure your business succeeds. We vigorously represent members' concerns at the legislature. We also have strong, positive relationships with leaders at the Minnesota Pollution Control Agency, the Department of Natural Resources, the Minnesota Department of Transportation, and related associations, such as the Builders Association of Minnesota and Minnesota Chamber of Commerce. Your interests are consistently and professionally represented.
